# SPUNBOND PROTECTIVE PACKAGING

- ◆ Ideal for Bulk Tote Cover or Bulk Box Liner
- ◆ Fully Customizable Sizes and Styles
- ◆ Available in Multiple Colors and Thicknesses
- ◆ Significantly Reduces or Eliminates Contamination
- ◆ Moisture Dissipating for Mold Prevention
- ◆ FDA Compliant
- ◆ Produced in Food Grade BRC Certified Facility
- ◆ 100% Recyclable

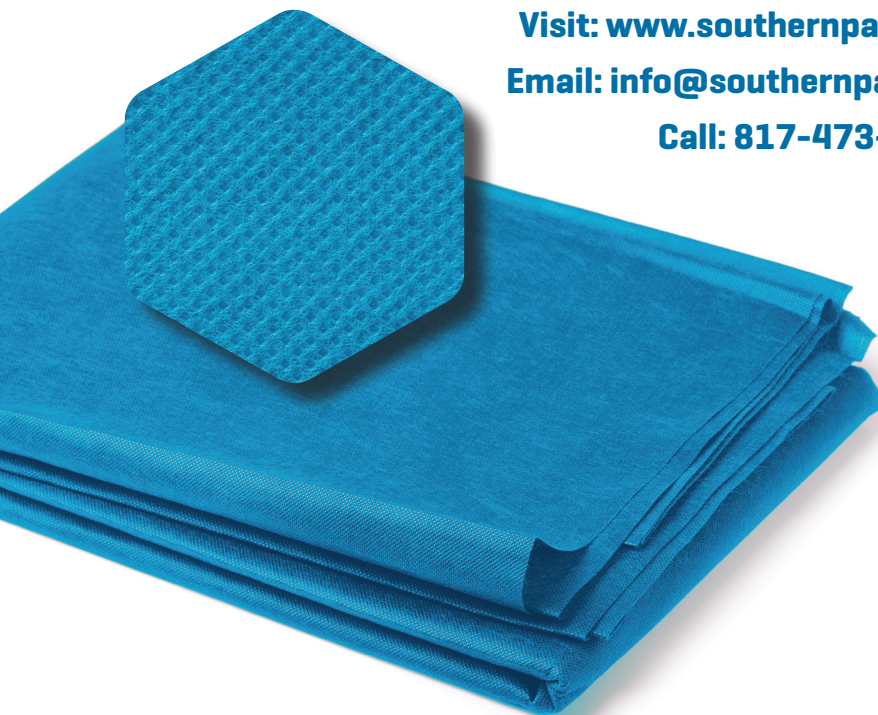

Non-woven Spunbond Polyester fabric is the ideal protective packaging solution for peanuts, pecans, and other food related products. Often found in medical gowns, soil underlayment, and filtration material, Spunbond is a high strength breathable fabric that eliminates outside contamination while reducing moisture retention.
